

**Claims (paragraph 1 of Office Action, part 2)**

The applicant specifically provides direction to the USPTO to cancel all claims that were present in the original translation (Claims 1-10) of the priority document, the specification of record, (Exhibit A). The applicant attaches to this Response as Exhibit D a properly noted new set of claims (Claims 11-37) for review, as permitted by 37 C.F.R. 1.125(c)(3). Accordingly, the applicant specifically directs that Claims 1-10 be cancelled and requests that new Claims 11-37 be reviewed. The applicant asserts that new Claims 11-37 are added in a manner permitted by 37 C.F.R. 1.121(c) and the MPEP.
